We will try to get as many as possible done on that weekend. Please send me an e mail request for the inspection and I will forward that information to Mike. He will take cash or a check, and you need to have all paperwork with the plane (logs ect.) email erieairpark@juno.com Questions call 309 230 0944. Jim, at an erie place.

The Stearman fly-In in Galesburg offered little opportunity to get close to the planes. You can see the shuttle that would drive by the airplanes. You could get closer if you left and drove up to the north side fence. As for me, I won't be going back. However I'm sure some people were entertained.

Kathy finds a plane that might be just the right size at the club reunion and picnic at Erie Airpark. With the wings on it is really quite large for a RC. But for the lack of seat belts she opted to stay on the ground.
